

# Martin Toré

Full-stack web developer

## SUMMARY

Creative, detail-oriented web developer with an interest in creating simple solutions to complex problems. Proven track record of creating and implementing successful front and back end web applications. Looking to bring my skills to a tech company where I can contribute and grow.

## WORK EXPERIENCE

### Remote Web Developer at 100devs, Los Angeles, CA

January 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

#### Recent Projects:

**Let's Play web app** – A full-stack web application using MVC structure and data storage on MongoDB which allows users to organize sports games and join games in their area by utilizing Google Maps API and MongoDB geospatial queries.

**SnartyParty (Fully responsive website)** – A modern, elegant website for a local Swedish band.

**Café TrulyBlue (Fully responsive website)** – A beautiful website for an Aussie coffee shop.

**Steady Supply AB (Wordpress site)** – A modern website for a Swedish water machine supplier.

**Other Projects:** Web App with NASA API integration, on-demand background color changer for Partnered Twitch streamer, and many more

### Freelance Full Stack Web Developer | Helsingborg, Sweden

January 2022 — Present

Created full stack web applications and static websites for different clients across small and medium size businesses. Also, consulted on SEO and social media strategy. Some clients included:

Steady Supply AB

SnartyParty

### Self-employed Physiotherapist | Various locations

May 2018 — December 2021

Ran a physiotherapy business focused on chronic pain patients and transitioned into online consultations and treatments during pandemic.
